

GAS & POWER UK

## Deemed Contract Rates

When a commercial property we supply is empty and is still connected to the energy network, we apply our Deemed Contract Rates. If you move your business into one of these properties, you'll become responsible for the energy you use from the day you move in and will be billed using the following rates until you either agree a new contract with us, or join another supplier:

	Payment method	⚡ ELECTRICITY			🔥 GAS	
		Standing charge (pence per day)	Single / Day rate (pence per kWh)	Night rate (pence per kWh)	Standing charge (pence per day)	Unit rate (pence per kWh)
Single Rate	Direct Debit	29	20		29	5
	Non-Direct Debit	35	21		35	6
Two Rate	Direct Debit	29	22	14		
	Non-Direct Debit	35	23	15		

If you are on a Deemed Contract, you can change your tariff at any time, without paying exit charges. To do this, contact our team and we'll help you to find the right tariff for you and your business.

## Out of Contract Rates

If you choose not to renew your contract with us, or if it is terminated, you'll be moved to our Out of Contract Rates until you either start a new contract with us, or join another supplier. During this time, you'll be charged the following rates:

	Payment method	⚡ ELECTRICITY			🔥 GAS	
		Standing charge (pence per day)	Single / Day rate (pence per kWh)	Night rate (pence per kWh)	Standing charge (pence per day)	Unit rate (pence per kWh)
Single Rate	Direct Debit	35	20		35	5
	Non-Direct Debit	40	21		40	6
Two Rate	Direct Debit	35	22	14		
	Non-Direct Debit	40	23	15		

If you're currently Out of Contract and would like to set up a new contract with us, contact our team and we'll help you to find the right tariff for you and your business

### Please note:

- The rates are correct as of 22 August 2018
- All rates are exclusive of VAT and CCL
